

## ***Presents the one-day Food Manager Course Schedule for 2018***

Our one-day Comprehensive Food Manager Certification Course and examination meets the requirements of the City of St. Louis, St. Charles County, and all of the St. Louis County Health Departments. Classes are available at convenient times and locations to accommodate your schedule. The Safe Food Handlers Corporation has trained thousands of food service professionals in over 50,000 companies in food service sanitation nationwide since 1982.

### **Comprehensive Food Service Sanitation Course Offerings**

Our one-day Comprehensive Food Manager Certification courses covers personal hygiene, safe methods of food handling, preparation & storage of food, prevention of food borne illnesses and HACCP. Upon successful completion of this course, a test will be given to enable you to obtain a 5 year certificate. The cost of the one-day course, training manual and examination is **\$145**. Please visit our website at [www.sfhcorp.com](http://www.sfhcorp.com) if you wish to register on-line. **We only use Conference for Food Protection Examinations that are approved nationwide and are available in the following languages (Chinese, English, Korean or Spanish).**

### **Special Classes**

Special classes can be set up for 8 or more people and taught at your location. Call for details!

### **On-line Course**

This online food safety course is the same as the classroom course but offers the student the convenience of completing the course at their own pace. The course can be started and stopped and must be completed in a 3 month timeframe. After completing the online course, a practice test is given for the student to have an idea what will be on the exam. Students must come into one of our advertised class and be there by at least 3:30 pm. If desired, the cost of the online course also includes the classroom course so students can do both for the same price of **\$175**.

### **Basic Food Handler Course**

Although Illinois has adopted a new regulation that ALL food handlers that are not food managers attend a basic food handler course, this is a valuable course for other states and jurisdictions. This is approximately a 2 hour course that teaches the basics of food handling. Many times in a restaurant has one certified manager with 10 or more food handlers with no training at all. This teaches the basics of what food handlers need to know. There are several ways to obtain this food handler training. Online for **\$11.95**, training booklets at **\$15**, or for 25 or more, we will come to your location and teach an on-site class for **\$20** per student.
